

HDP Engineering, Operations and Information Technology Conference 2009

HDP held two occupation-related conferences in Shantou for employees of its joint-venture ports.

**From 8 to 9 December**, HDP's annual Engineering Conference brought together 26 participants from different terminals to discuss cost-reduction and energy-saving measures. Then, **from 14 to 15 December**, 43 staff members joined the Operations and Information Technology Conference, which featured cost optimisation and efficiency enhancement in daily terminal operations as its main topics.
