Foshan Manufacturers Find Convenience in ZICT(G)

[23 October 2009 – Hong Kong] – On 19 October, Zhuhai International Container Terminals (Gaolan) (ZICT(G)) organised a major event to promote its two 50,000-tonne container berths to a group of 80 representatives from top 50 leading local manufacturers, government officials and feeder companies in Foshan, Guangdong Province. An introduction of ZICT(G)'s facilities, shipping line services and customs clearance procedures was presented to the Foshan enterprises. The event was part of a series of marketing activities designed to promote the terminal to local manufacturers in the western Pearl River Delta (PRD) region. ZICT(G) has already organised several terminal visits for delegations from the electronics, leather and garment industries in Zhuhai.

Wilson Poon, General Manager of ZICT(G), said, "Foshan, a city specialises in the manufacturing of high-tech products such as electronic and automobile components, RFID accessories and LCD televisions, has experienced an increase of 15 percent in import and export volume in the last three years. Being the only natural deep water port in western PRD region, ZICT(G) offers Foshan manufacturers the convenience to international line-haul services."

With an area of 56 hectares, a total quay length of 824 metres and a depth alongside of 15.8 metres, ZICT(G) provides fast and cost-effective service with a fleet of state-of-the-art equipment including eight super-post-Panamax quay cranes and 24 electric rubber-tyred gantry cranes.
